# Product Advantage

# 1.90Degree corner cabinet design

The edges of each module are designed to be 45 degrees, it is easier to make a L shape 90degree LED Screen and realize glass-free 3D LED display.

## 2. High transparency:30%-60%

IM Series 1000 series mesh has high transparency of 30%-60%, natural lighting behind the screen is better.

## 3.Full Front Installation and Maintenance

IM Series 1000 series mesh can be installed in a variety of outdoor environments because it can be either front or rear installed and maintained; Modules, receiving cards, power supply, cabinet, all the parts can be front maintained, not merely modules.

1 .Remove all the modules

2.Rotate the power box 180°

## 4.IP65/IP54 Waterproof

With IP65/IP54 waterproof, IM Series 1000 series meets the requirements of outdoor working environment.

## 5. Naked Installation

IM Series 1000 series can be installed naked without cover and air conditioner because of its IP 65 waterproof rate and good heat dissipation design . It requires only a simple steel structure for installation.

Steel Structure:14# Galvanized Channel Steel

IM Series 1000 series can be mounted on the wall directly:

- ①. Fix the steel structure to the wall;
- ②. Fix the screen to the steel structure

## 6. Energy-saving

C1531 :

Max Power Consumption:  $360\text{W}/\text{m}^2$

Avg Power Consumption:  $100\text{W}/\text{m}^2$

## 7.Thin and Lightweight

Cabinet Size:1000mm\*1000mm\*75mm

Cabinet Weights:19~20kg/m<sup>2</sup>

- Thickness is only 75mm, saving installation space
- It weights only 19kg/m<sup>2</sup>,saving transportation and installation cost

## 8. Hight Reliability

Modular design and batch production

- Modular design, IM Series 1000 series is more simple and reliable
- IM Series 1000 series has better waterproof performance

# Product Parameters

Parameter	IM39-780	IM52-100	IM62-120	IM780	IM78-15
Pixel Pitch(mm)	3.91x7.81 mm(H*V)	5.2x10.4mm(H*V)	6.2x12.5mm(H*V)	7.81mm(H*V)	7.81x15.6mm(H*V)
